West Africa Energy Cooperation Summit Agenda

Day One – Tuesday 2 December 2025

Note: Topics, timings and speakers may be subject to change as the agenda develops.
French Translation will be available throughout the agenda.

07:30

Adlon Ballroom 3

07:30 – 09:00 **Registration & Networking**

Hosted by

09:00

Adlon Ballroom 1

Opening Ceremony

09:00 – 09:10 **EnergyNet Opening Remarks**

09:10 – 09:30 **High-Level Host Country Welcome Remarks**

Speakers

H.E. Honourable John
Abdulai Jinapor
Minister for Energy &
Green Transition, Ghana

09:30

Adlon Ballroom 1

09:30 – 10:45 **Ministers Roundtable: Maximising the Power of Regional Collaboration to Scale up Energy Development**

WAPP vision: *“To integrate the national power systems into a unified regional electricity market with the ultimate goal of providing, in the medium and long term, a regular and reliable energy at competitive cost to the citizenry of the ECOWAS region.”*

- How is the ECOWAS region working together to fulfil their energy needs at national and regional level?
- What are the needs and solutions for regional interconnection?
- Making standardised energy trading a reality through WAPP

Moderator

Kweku Awotwi
Board Chairman, United
Bank for Africa (Ghana) &
Co-Founder & Director,
Cenpower Generation

Speakers

H.E. Honourable
Jeremiah Kpan Koung
Vice President, Liberia

H.E. Honourable John
Abdulai Jinapor
Minister for Energy &
Green Transition, Ghana

H.E. Honourable
Adebayo Adelabu
Minister of Power, Nigeria

H.E. Honourable Dr.
Abdul Rahim Jalloh
Minister of Energy, Sierra
Leone

H.E. Honourable Dr.
Dele Alake
Minister for Solid Minerals
Development, Nigeria

H.E. Honourable Nani
Juwara
Minister of Petroleum,
Energy & Mines, Gambia

H.E. Honourable Dr.
Kandeh K. Yumkella
H.E. Honourable Dr.
Kandeh K. Yumkella,
Chairman, Presidential
Initiative for Climate
Change, Renewable
Energy & Food Security,
Sierra Leone

10:45

Adlon Ballroom 3

10:45 – 11:15 **Networking Coffee**

Hosted by

11:15

Adlon Ballroom 1

11:15 – 12:15 **Unleashing the Region’s Renewable Energy Potential for a Just Energy Transition**

- From tenders to financial close for solar and wind projects – where are the most promising opportunities?
- Insights into tenders in Benin (MCC), Burkina Faso (World Bank) and more
- What does Just Energy Transition mean for different countries in the region? E.g. Nigeria is mostly run on diesel generators vs Ghana which is 89% electrified.
- What is the state of storage? What are lessons learnt from recent projects (Malawi, Sierra Leone etc.)
- How can World Bank’s 800 MW scaling solar in Côte d’Ivoire be replicated in West Africa?

Moderator

Aliyu Alhassan Yahaya
Underwriter, ATIDI

Speakers

H.E. Honourable Jeremiah Kpan Koung
Vice President, Liberia

H.E. Honourable Dr. Kande K. Yumkella
H.E. Honourable Dr. Kande K. Yumkella, Chairman, Presidential Initiative for Climate Change, Renewable Energy & Food Security, Sierra Leone

Pamoussa Ouedraogo
Permanent Secretary, National Council for Sustainable Development, Burkina Faso

Eunice Biritwum
Executive Secretary, Energy Commission, Ghana

Diouma Kobor
Director General, National Agency for Renewable Energies (ANER), Senegal

Session Switch Over

12:15

Adlon Ballroom 1

12:15 – 13:15 **Gas Strategies, Infrastructure and Financing as the Backbone of Regional Energy Development**

- What are the updates on the Nigeria-Morocco Gas Pipeline, the Trans-Saharan gas pipeline and the expansion plans for the West Africa Gas Pipeline?
- Fit for purpose – where are the opportunities to upgrade old existing infrastructure?
- How is the financing discussion changing? Are global and local investors ready to unleash capital post-US elections?
- HFO to gas in Senegal’s Bel Air power plant and Ghana’s Tema, what next?
- Regional outlook for oil and gas production as the world moves away from fossil fuels, raising concerns about long-term economic stability and investment.

Speakers

Sulemana Abubakari
Ag. Director, Power, Ministry of Energy & Green Transition, Ghana

Edmond Kombat
MD, Tema Oil Refinery (TOR), Ghana

Hamis Ussif
Deputy CEO, Ghana National Petroleum Corporation (GNPC), Ghana

Baboucarr Njie
MD, Gambia National Petroleum Corporation (GNPC), Gambia

Wale Yusuff
MD, Wärtsilä Marine & Power Services, Nigeria

Michael Konadu
Business Development Director, EMEA, GE Vernova

Patrick Udechukwu
Director, Business Development, Siemens Energy

Jillian Foerster
Regional Manager (Sub-Saharan Africa), U.S. Trade and Development Agency (USTDA)

13:15

Capitol Room & Papillon Restaurant

13:15 – 14:45 **Networking Lunch**

Hosted by

14:45

Adlon Ballroom 1

14:45 – 16:00 **Financiers Roundtable: What are DFIs and Commercial Investors Looking for to Say “YES”**

- What are the debt, currency and macro-economic factors exclusive to the region, and is the financial community prepared?
- With Power Africa’s withdrawal creating a significant gap, what opportunities exist for financiers?
- How can local commercial capital, sovereign wealth funds and pension funds lead the way and strengthen international investor confidence?
- Local currency funding as the way forward to improve the capacity, efficiency, and management.
- Blended financing solutions.

Speakers

Cheick Oumar Diallo
Underwriter, ATIDI

Kobby Bentsi-Enchill
Head of Investment
Banking, Stanbic Bank
Ghana

Sarah Lane
MD, Denham Capital

Lindiwe Zwane
Principal Deal Originator
(East, West & Central
Africa), Development Bank
of Southern Africa (DBSA)

Sylvia Monthe
Coverage Director
(Francophone & Central
Africa), BII

Amana Bawa
Director, Partnerships &
Private Sector
Engagement, Rockefeller
Catalytic Capital (RFCC),
Mission 300

Roger Stuart
Head of Regional
Representation, European
Investment Bank (EIB)

16:00

Adlon Ballroom 3

16:00 – 16:30 **Networking Coffee**

Hosted by

16:30

Adlon Ballroom 1

16:30 – 17:30 **Ghana Country Spotlight: From Economic Crisis to Winning Back Investor Confidence**

Ghana’s economic reforms and debt restructuring efforts under President John Mahama’s leadership is making fast progress. Its economy is cooling inflation faster than anyone expected from more than 50% in 2022 into the low teens in 2025. And in 2024, Ghana’s GDP growth exceeded expectations, reaching 5.7%, a significant improvement from the 3.1% recorded in 2023.

- The Volta Economic Corridor, 24-hour economy and a \$10 billion infrastructure program, how is Ghana delivering these ambitious programmes and specifically where are the energy projects?
- What is Ghana doing to win back investor confidence?
- What are investors looking for to move forward?

Moderator

Sydney Nii Ayitey Tetteh
Head, Client Coverage,
Corporate & Investment
Banking, Stanbic Bank
Ghana

Speakers

H.E. Honourable John Abdulai Jinapor
Minister for Energy &
Green Transition, Ghana

Yussif Sulemana
Technical Advisor to the
Minister of Petroleum,
Ministry of Energy & Green
Transition, Ghana

Moses Asaga
Chairman, Public Utilities
Regulatory Commission
(PURC), Ghana

Erik Granskog
CEO, Endeavor Energy
Holdings

Charles Wilfried Abedier
Senior Investment Officer,
International Finance
Corporation (IFC)

17:30	Cedar Garden
	17:30 – 19:00 Welcome to Ghana – Networking Party

Day Two – Wednesday 3 December 2025

08:00	Note: Topics, timings and speakers may be subject to change as the agenda develops. French Translation will be available throughout the agenda.
	Adlon Ballroom 3 08:00 – 09:30 Registration & Networking Hosted by  Stanbic Bank Corporate & Investment Banking
09:30	Adlon Ballroom 1 09:30 – 10:45 Public and Private Sector Collaboration to Boost National Transmission & Regional Interconnection - How can private sector investments in transmission boost the overall system? - Success stories from Uganda and South Africa – what lessons can be transferred? - Moving from bilateral to regional trading, what needs to be in place? - Opportunities from the CLSG 225-kilovolt line connecting Côte d'Ivoire, Guinea, Liberia and Sierra Leone. - Opportunities from the OMVG 225-kilovolt interconnector linking Gambia, Guinea, Guinea Bissau and Senegal. - Upgrading old infrastructure – a quick fix? Speakers  H.E. Honourable Dr. Abdul Rahim Jalloh Minister of Energy, Sierra Leone  Sule Abdulaziz MD & CEO, Transmission Company of Nigeria (TCN), Nigeria  Mark Baah Ag. Chief Executive, Ghana Grid Company (GRIDCo), Ghana  Friday Sule Deputy Director, Nigerian Electricity Regulatory Commission (NERC), Nigeria  Loïc Ehua Business Development Director, Gridworks Partners  Peter James CFO, Cenpower Generation
10:45	Adlon Ballroom 3 10:45 – 11:15 Networking Coffee Hosted by  ENDEAVOR ENERGY  DENHAM CAPITAL
11:15	Adlon Ballroom 1 11:15 – 12:30 Utilities Rising to the Challenge - West Africa's utilities are thinking bolder and getting creative – is this enough? - How are utilities working to re-structure debt and clear payment backlogs? - Which utilities are successful and why? - How are utilities preparing to soak up additional generation? - How are utilities partnering with private sector solutions? Speakers

H.E. Honourable Nani Juwara
Minister of Petroleum,
Energy & Mines, Gambia

Edward Obeng-Kenzo
Acting CEO, Volta River
Authority (VRA), Ghana

Milton Gegbai
Director General,
Electricity Generation &
Transmission Company
(EGTC), Sierra Leone

Karimou Chabi Sika
Director General,
Communauté Électrique
du Bénin (CEB), Benin

Arnaud Gouet
Senior Vice President
Utilities, Release by
Scatec

Rushaiya Ibrahim-Tanko
Project Director (PPA
Transparency), Energy for
Growth Hub

12:30

Capitol Room & Papillon Restaurant

12:30 – 14:00 **Networking Lunch**

Hosted by

14:00

Adlon Ballroom 1

14:00 – 15:00 **Energy Efficiency to Cut Costs and Boost Energy Security**

- Which distribution systems are working, and which aren't? Why?
- Is there a place for private sector players to become solution providers?
- What are successful strategies to set cost-reflective tariffs?
- What is the role of AI and smart technologies?

Speakers

Bangaly Maty
Energy & Infrastructure
Adviser, Prime Minister's
Office, Guinea

William Amuna
Board Chairman,
Electricity Company of
Ghana (ECG), Ghana

Rekhiat Momoh
CEO, Eko Electricity
Distribution Company
(EKEDC), Nigeria

Francis Agoha
MD & CEO, Ibadan
Electricity Distribution
Company (IBEDC), Nigeria

Ete Pinnick
MD & CEO, Port Harcourt
Electricity Distribution
(PHED), Nigeria

15:00

Adlon Ballroom 3

15:00 – 15:30 **Networking Coffee**

Hosted by

15:30

Adlon Ballroom 1

15:30 – 16:45 **Filling the Gaps with Off-Grid Solution for Energy Access and Captive Power**

- Exploring the roles of renewables and gas for off-grid projects. Is solar enough?
- What are the greatest needs for captive power plants?
- Can Off-Grid fill the rural electrification gap and for how long?
- Are Off-Grid solutions financially viable? What can be done to make them more profitable and attractive to investors?

Moderator

Anita Otubu
Senior Director, Universal
Energy Facility (UEF),
SEforALL

Speakers

H.E. Honourable Dr. Dele Alake
Minister for Solid Minerals Development, Nigeria

Abba Aliyu
MD & CEO, Rural Electrification Agency (REA), Nigeria

Jean-Baptiste Ky
President, Regulatory Authority for the Energy Sector (ARSE), Burkina Faso

Samuel Bocay Nagbe
Executive Director, Rural & Renewable Energy Agency (RREA), Liberia

Ngozi Beckley-Lines
Country Manager (Sierra Leone), SEforALL

Kirtika Challa
Partner & Head of Power & Infrastructure Advisory, CrossBoundary

Leticia Insaيدoo
MD for Ghana, Bboxx
